Sponsor: Meridian Therapeutics SA (acting via CRO: Avental Clinical) **Institution (Site 04):** Neon Blanc Hospital — Gastroenterology Research Unit **Agreement ref:** CTA-CTJ301-SITE04 · **Currency:** EUR · **Effective:** 2025-11-01

This is a mock document generated for the TrialGuard demo. Clause numbers are the grounding anchors used by the retrieval layer. Two clauses (4.2 and 4.5) are **intentionally in tension** to produce a policy/contract gap.

Section 3 — Visit Conduct & Windows

3.1 Treatment visits (V2-V7) carry a window of **±3 calendar days** relative to the planned study day. Visits conducted outside this window require a Protocol Deviation Report and are payable only after Sponsor review.

3.2 The Schedule of Assessments (Appendix A) is the authoritative list of required procedures per visit.

Section 4 — Reimbursement

4.1 The Sponsor shall reimburse the Institution per the fee schedule in §5 for procedures and visits completed and documented in the EDC.

4.2 The Sponsor shall reimburse **only** those procedures and visits specified in the Schedule of Assessments (Appendix A) for the applicable visit. Procedures not listed in the SoA for a given visit are **not reimbursable**.

4.3 An institutional overhead of **25%** is applied to all site fees in §5.

4.4 Unscheduled laboratory assessments are reimbursable **only** where (a) documented as related to a reported Adverse Event, **and** (b) pre-approved by the Sponsor's Medical Monitor. Both conditions must be evidenced.

4.5 Notwithstanding §4.2, **medically necessary procedures arising directly from a subject's participation in the Study — including the clinical management of adverse events — shall be reimbursed at documented cost**, subject to Sponsor review.
